EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kirsten Grüneberg on July 13, 2005.

The application has been amended as follows:

1. In claim 19 at line 10, "kind" has been replaced with --material--.
2. In claim 19 at line 11, "kinds of" has been deleted.
3. In claim 19 at line 13, "kind" has been replaced with --material--.
4. In claim 19 at line 14, "kinds of" has been deleted.
5. In claim 20 at line 10, "kind" has been replaced with --material--.
6. In claim 20 at line 11, "kinds of" has been deleted.
7. In claim 20 at line 13, "kind" has been replaced with --material--.
8. In claim 20 at line 14, "kinds of" has been deleted.

Drawings

The drawings are objected to as the drawings are informal, i.e. the drawings are not computer-generated. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the

Art Unit: 1745

sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

Claims 19 and 20 are allowed for the reasons of record.
